“Safe Passage in the Singapore Strait” Safety Video

Maritime and Port Authority of Singapore
9th Co-operation Forum
26 – 27 September 2016

Background

- ❖ The “Safe Passage for the Straits of Malacca and Singapore” pamphlet was launched at IMO on 20 May 2014.
- ❖ 39th TTEG agreed to Singapore’s proposal on the next step to produce a video for the safe passage in Singapore Strait to be jointly developed by Indonesia, Malaysia and Singapore.

A Safety@Sea Initiative

- ❖ The safety video is part of the Safety@Sea initiatives to improve the safe passage of vessels by:
 - Raising the level of safety awareness.
 - Instilling a strong safety culture to the shipping community.
 - Enhancing communication and information sharing

Objective of the Safety Video

- ❖ The video presents useful local information particular to the Singapore Strait.
- ❖ It provides local and international users of the Singapore Strait a reference, highlighting navigational guidelines and best practices for safe conduct of passage.
- ❖ The information serves to help those who may be less familiar with navigating the Singapore Strait, in particular those who are visiting for the first time.

Key Elements

- ❖ This is a three-part training resource package, which comprises of 2 videos and an interactive computer-based training module.
- ❖ Both videos and computer-based training follow a transit through the Traffic Separation Scheme from east to west and west to east, highlighting:
 - Precautionary areas where crossing traffic is most often encountered;
 - Hazards along the various parts of Strait;
 - Tidal and weather conditions that can present a challenge to navigation; and
 - Assistance provided by professional Vessel Traffic Information System.

Jointly Produced by

Supported by

BIMCO

MAERSK

Official Launch

- ❖ “Safe Passage Video in the Singapore Strait” was launched at the International Safety@Sea Conference in Singapore on 30 Aug 2016.
- ❖ It is distributed widely to shipping companies, arrival and departing vessels.
- ❖ Accessible in the training system onboard 12,000 vessels.
- ❖ Available at MPA YouTube Channel:
 - Westbound Passage: <https://youtu.be/YvJc8cLzQo4>
 - Eastbound Passage: <https://youtu.be/GKPWyNIVXzw>
