Project 6 : replacement of aids to navigation damaged by the tsunami incident

- The Exchange Letter between the Government of the People's Republic of China and the Government of the Republic of Indonesia concerning the Project-6 Implementation has already signed on the 20 February 2011 at Jakarta, Indonesia. The Letter was signed by the Indonesian Vice Minister for Transportation and the Chinese Vice Minister of Commerce.
- Indonesia and People's Republic of China has agreed to work expeditiously toward the completion on the replacement of the AtoN damaged by the tsunami incident, namely the Ule Lhuee and Malahayati Light Beacon in Aceh, which also reflect the need for Indonesia to ensure and maintain the safety of navigation in the Strait.
- Indonesia will be taking over the total implementation of remaining 5 AtoN, while China may provide technical assistances and support to the Indonesian side.
- Both parties committed to implementing the works expeditiously. The Indonesian government initiates the internal procedures to commence the replacement works, while the design works and consultation between both parties are still in progress.
